EDUCATION

Columbia University B.S. in Computer Science, Minor in Music

GRADUATED 2016

GPA 3.91, Dean's list. Electives: Computer Vision, Cryptography, Natural Language Processing, Programming Languages, Algorithms, Operating Systems, Network Security

EXPERIENCE

Google Associate Product Manager

2016 - PRESENT

Product Manager for Google Drive, responsible for the product direction of Drive File Stream, Backup and Sync, and Drive for Mac/PC. Worked with a team of 30 engineers and designers to design, build, and release new features. Previously the PM for the Firebase console, website, and documentation.

Minimill Cofounder, Web Developer

2015 - PRESENT

Cofounder and web developer of a design agency for branding and web. Worked with Delta Airlines, Fin, Autodesk, Albert Wenger, Creative Market, 99% Invisible, and several small startups.

Google Associate Product Management Intern

SUMMER 2015

PM for Polymer, a JavaScript library for Web Components. Worked with the 20-person team to redesign the Polymer website, documentation, and elements catalog.

Venmo Full-stack Developer Intern

SUMMER 2014

Facebook Facebook U Intern

SUMMER 2013

MITRE Software Engineering Intern

SUMMER 2012

LEADERSHIP

President Application Development Initiative

2012 - 2016

Led 35-person executive board of ADI, Columbia's tech club and the most active student group on campus. Set priorities, ran operations, and coordinated over 120 tech events every year.

President Design for America

2012 - 2016

Led meetings, developed design curriculum, and served as project manager for 9 teams that use human-centered design to solve problems related to energy, education, and health.

Founder and Product Manager ADI Labs

2014 - 2016

Founded a group for 60+ CS students to build apps for the Columbia community.

Organizer and three-time speaker Hackcon

2013 - 2016

Coordinated conference of 200+ student hackathon organizers. Led workshop on inclusivity.
